## **FINANCIAL AGREEMENT**

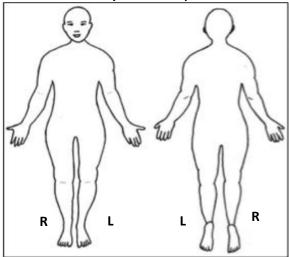

Thank you for choosing us as your pain clinic. Our team of providers is committed to providing you with quality and affordable health care. We ask all patients to review and sign this policy, asking questions as necessary. A copy will be provided to each patient upon request.

1.	<b>Insurance:</b> We accept assignment and participate in most insurance plans. If your insurance is not a plan we participate in, payment in full is expected at each visit. Knowing your insurance benefits is your responsibility. Please contact your insurer with any questions you may have regarding your coverage to receive the maximum benefit(initial)
2.	<b>Patient payment:</b> All copayments and deductibles are to be paid at the time of service. This arrangement is part of your contract with your insurance company (initial)
3.	<b>Registration:</b> All patients must complete our patient information form, which will be entered into our medical records system to maintain accurate information for proper billing. We must obtain a copy of your driver's license and current valid insurance card to provide proof of insurance. If you fail to provide us with correct insurance information, or your insurance changes and you fail to notify us in a timely manner, you may be responsible for the balance of the claim. Many insurance companies have a time limit as to when claims can be filed; For example, if a claim is not received within 30 days of the date of service, it can be deemed ineligible for payment and you will be responsible for the balance if you fail to provide us with complete and accurate information(initial)
4.	Claims: We will submit your claims and assist you in any way we reasonably can to help get your claims paid. Your insurance company may not accept information from our office and may need information from you. It is your responsibility to comply with their request. Please be aware that the balance of your claim is your responsibility whether your insurance company pays or not. Your insurance benefit is a contract between you and your insurance company (initial)
5.	<b>Uninsured patients:</b> We offer a cash pay discount to our patients who do not have insurance. Please be advised that the discount is only good when the charges are paid at the time of service. If the charges are not paid at the time of service, the discount will be removed and payment of the full charge will be expected before the next visit. If a balance remains, you will receive a monthly statement that is due upon receipt. Any account balance over 90 days will be subject to review for collection action (initial)
6.	Credit and collection: If your account is more than 90 days past due, you will receive a letter stating that you have 20 days to pay your account in full. Partial payments will not be accepted unless otherwise negotiated. Please be aware that if a balance remains unpaid, it may be sent to a collection agency. In the event any amount is referred to a third party debt collection agency, you agree that in addition to any other amount allowed for by law, (such as interest, court costs, reasonable attorney's fees, etc), you will also be responsible for a collection fee of up to 40% of the principal amount owing as allowed by Utah code Annotated, sec.12-1-11(initial)
